

hey! aluno de TI

Sistema de estágios IFB

Tudo bem, MAS qual é o problema?

resumindo...

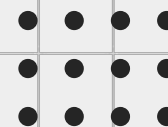

Apesar de o mercado de tecnologia ter crescimento constante e muitas vagas, alunos recém ingressantes desconhecem como elaborar um currículo, quais certificações tirar ou até como elaborar um portfólio com projetos

<https://g1.globo.com/jornal-hoje/noticia/2023/03/13/area-de-ti-deve-gerar-quase-420-mil-vagas-ate-2025-mas-faltam-profissionais.ghtml>

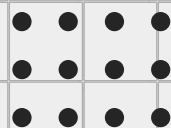

WHAT?

HELLO!

Público alvo

Estudantes na área de tecnologia
da informação do **Instituto
Federal de Brasília – IFB.**

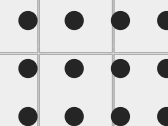

**Nós temos a
solução!**

E o que seria?

Oportunidade

Um sistema leve, simples e intuitivo para criar um canal de diálogo entre estudantes e empresas de TI.

WHAT?

Qual o diferencial desse sistema?

Layout

Leve, simples e intuitivo

Segurança

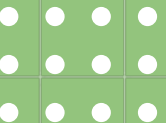

Utiliza protocolo seguro https

Gerar PDF

É possível gerar um currículo em formato **.pdf**

Responsivo

Acessível de diferentes dispositivos.

Super clean Minimalista “low-profile”

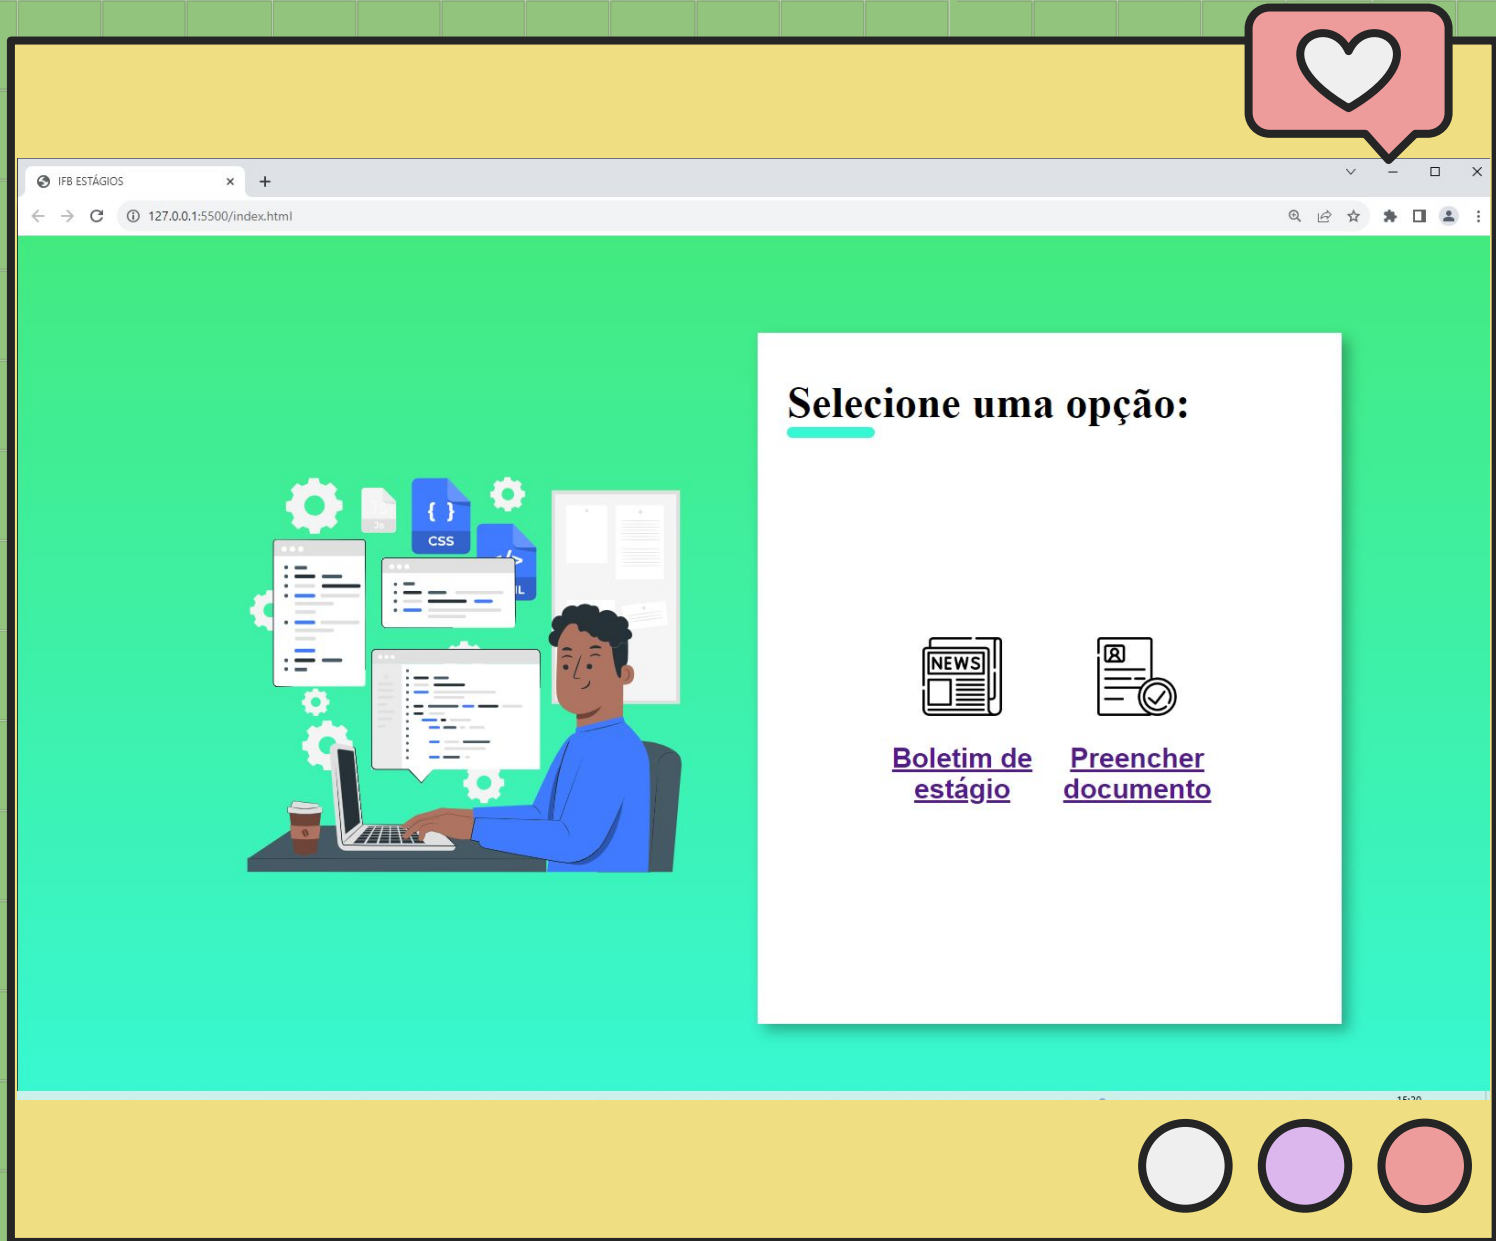

Aponte a câmera para o

• Qr code! •
